

FINER THAN AT FIRST SUPPOSED

Other Philanthropists Besides Rockefeller to Contribute to Naval Y. M. C. A.

A NOVELTY FOR JAMESTOWN

Dr. Beverly D. Tucker, New Bishop-Coadjutor, to Live in Roanoke.

(Special to The Times-Dispatch.)
NORFOLK, Va., June 20.—The Naval Young Men's Christian Association Building to be erected for the benefit of the sailors and marines at this station, and for which John D. Rockefeller has given \$250,000, will be more magnificent than was at first announced. Mr. Otto D. Heisenbuttel, the local secretary of the Naval Association, said today that he thought that the building and its equipment would cost all of \$350,000, as there are other philanthropists whom he thinks will desire to contribute to the erection and equipment of the building.

The building will be the finest of its kind in the South," said Mr. Heisenbuttel, "and will be superior in many respects to the famous naval Y. M. C. A. building at Brooklyn."

It is expected that the building will be completed and ready for occupancy by the first of October, next year, the time when the lease on the present quarters of the association, on Church Street, expires.

Dr. Beverly D. Tucker, bishop coadjutor-elect of the Episcopal Diocese of Southern Virginia, informed The Times-Dispatch correspondent this afternoon that he will make Roanoke his home when he assumes the duties of bishop. The coming fall, he said, something unforeseen transpires to prevent. It is probable that the bishop will move from Norfolk before the beginning of next year.

While his work as assistant to Bishop Randolph will extend to all parts of the diocese, east and west, he will have special charge of the diocesan work in the southwestern part of the State. The Diocesan Council, required that the bishop coadjutor should live in the Southwest, as Bishop Randolph lives in the eastern end of the diocese in Norfolk.

No announcement has yet been made as to the probable successor of Dr. Tucker as rector of St. Paul's Church, this city.

The concessions department of the Jamestown Exposition has just given an option on what will be known as the "Mountain Cave." This will probably be one of the most interesting and important features on the exposition grounds.

The mountain is to be two hundred and fifty feet in diameter, and the height of roof of the cave all the way from fifty to one hundred feet.

The cave is to be a reproduction of the famous ball room as seen in Lury Cave, Virginia, beautifully hung with statuettes and stalagmites which will radiate light from innumerable incandescent electric lamps.

In another room will be installed a gorgeous carousel, beautifully illuminated with var-colored electric lamps. Leading from this room will be a passageway, over which will read a sign "To the Summit."

As soon as the visitor enters this passageway he finds himself on an escalator which carries him to the summit of the mountain, where he may view the exposition and the land and sea for many miles around.

After viewing the scenery, the visitor then enters a coach of the miniature railway train, which winds around, in and out of the cliffs through tunnels and across high trestles, finally landing its passengers near the entrance of the cave.

SMALLPOX.

Nine Cases in Mountains of Highland.

(Special to The Times-Dispatch.)

MONTEREY, Va., June 20.—The board of health of Highland county is busy in its efforts to stamp out several cases of smallpox just discovered on Crab Run, between Monterey and McDowell. The presence of the disease was discovered by an unusual incident. On Monday a telephone message was sent to the central office here from Highlands, warning the people to beware of a lumberman coming this way, as he was believed to have smallpox. The villagers watched for him, and he passed down the middle of the street, halting only under the eaves of a public building to shelter from a rain storm. He proved to be Oliver Ralston, who, a week before, had gone from his Crab Run home to the Pocahontas lumber camps, when he was taken sick and returned. An investigation followed, and the disease, which had been treated as chickenpox for three weeks or more, proved to be smallpox. It is in the homes of Ralston, Stone, Smith—nine cases in all. It is of a comparatively mild type, but rigid measures will be employed to stamp it out.

A quarantine has been established, and all persons known to have been exposed to it before its identity was declared are included in the regulations.

AWFUL PSORIASIS 35 YEARS

Terrible Scaly Humor In Patches All Over the Body—Skin Cracked and Bleeding—Itching Unbearable—Cured by Cuticura in Thirty Days at Cost of \$4.75.

ANOTHER WONDERFUL CURE BY CUTICURA

"I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Soap, six boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent. I bathed with the Soap, applied the Ointment once a day, and took the Resolvent as directed. In thirty days I was completely cured, and I think permanently, as it was about five years ago."

The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of a white silvery appearance and would gradually drop off. To remove the entire scales by bathing or using oil to soften them, the flesh would be perfectly raw, and a light discharge of bloody substance would ooze out. That scaly crust would form again in twenty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise, I suffered intense itching, worse at night after getting warm in bed, or blood warm by exercise, when it would be almost unbearable.

"To sum it all up, I would not go through such another ordeal of affliction for thirty-five years for the State of Kansas. (Signed) W. M. Chidester, Hutchinson, Kan., April 20, 1905."

Cuticura Soap, Ointment, and Pills are sold throughout the world. Write for a free trial bottle.
